

# GOLDSBORO HARLEY OWNERS GROUP NEWSLETTER

January 2018

Chapter #3486

## Zollie's Thoughts

Hope everyone had a great Christmas and New Year. I know we are all ready for warmer days to come and hope we will get a few breaks from this winter soon. Lots of things coming up in Goldsboro HOG so please be sure to check out the calendar as we already have things planned over the next couple of months. Let's all try to make the first meeting of the year on the last Saturday of this month to kick this year off to a great start. Be thinking on new things for the chapter to do and let's have an amazing year. Please ride safe and see ya'll soon.

Zollie

# SAFETY NEWS

## Proper Riding Gear

Proper gear is essential to safe riding. Wearing the right clothing always makes the sport more enjoyable and more comfortable, too.

### Helmet

Around the block or around the world, it makes sense to leave home with a helmet on your head.

IT'S ONE OF THE BEST ITEMS OF PROTECTION YOU CAN USE.

Helmets come in all sizes, some from XXS (extra, extra small) to XXL (extra, extra large). There are also helmets made for children. When you buy a helmet, make sure it fits properly. Try it on: it should be comfortable to wear, neither too tight nor too loose. Remember, it is going to spend a lot of time on your head. A full-face helmet gives the most protection since it covers all of the head and face. Always fasten the helmet strap. If the helmet is not secured, it is doing about as much good as if it were on the shelf at home. Did you know that all adult-sized motorcycle helmets now sold in the United States must have a sticker indicating DOT (Department of Transportation) compliance, which means that the helmet meets certain basic impact standards? Don't buy a helmet without one; it may not meet standards. Helmets vary greatly in price and style. Buy one that suits you. Wear it. Fasten it every time you throw a leg over the motorcycle. A good helmet makes motorcycling a lot more pleasurable because it cuts down on the wind noise and greatly reduces rider fatigue. The days of heavy or cumbersome helmets are gone; they're now made of light new materials with terrific designs and colors to choose from. If you do drop your helmet onto a hard surface, or it receives a heavy blow, it is probably time to buy a new one. A motorcycle helmet is designed to absorb the impact of a blow, and a helmet should only do that once. If in doubt, get a new one.

Safety officer  
Jimmy Brown

# EARNING YOUR CHEVRON

**Must be a total of 8 Events from the following list.**

- ❖ **Attending HOG Meetings**
- ❖ **Attending Sponsored HOG Rides**
- ❖ **Work any of these HOG events.**

## **Annual HOG Events include:**

- ❖ **March – Cabin Fever Ride**
- ❖ **May – Open House**
- ❖ **Fall Open House**
- ❖ **November – Toy Run**
- ❖ **December – Biker Buddies**

We may also have other events that are scheduled throughout the year. Working any of those will also count towards your chevron. You must see a board member to ensure that you get credit for working your event. Participating in the events does not count towards your chevron. Be sure to sign in at meetings and rides.

We Thank You for all your hard work and support!!
