SAFETY NEWS

Mental Attitude

A good mental attitude means safety is your #1 priority. It means you are aware of the risks in traffic and ask yourself such things as: Am I mentally ready to ride? Am I confident my riding skills are sharp? Am I able to focus on safety? Riding well takes full attention.

Do not be distracted by thoughts that take away from your focus on making safe decisions.

You want to be ready to use good Rider Character- your choice to be safe, responsible rider who does the right thing.
